

# Food Booth application for 28th Annual Festival of Arts in the Park

On the Grounds of City Park at First & Military, Benicia

Sponsored by  
**Benicia Community Arts**

## Background

The Festival of Arts in the Park, Benicia, is a celebration of the creative process designed to increase public participation and understanding of the arts. This event is quite simply one of the best in the Bay Area! A magnificent family fun day with 3,000-5,000 in attendance.

Highlights of the day offer opportunities for the public to interact with both visual and performing arts, featuring exhibits, artist-in-action, arts and crafts for sale, music and drama. A chance for artists to involve the public in the creative process, to share works, skills and attitudes about making art. We've received rave reviews for a quarter of a century!
